

# NEURO NEST AUTISM CENTER

NURTURING MINDS, SHAPING FUTURES

## Our Services

At Neuronest Autism Center, we offer specialized therapies for both children and adults to support their communication, developmental, and rehabilitation needs.

### Occupational Therapy (OT)

Our occupational therapy supports children with fine motor delays, sensory processing issues, autism, neurological conditions, and physical or developmental disabilities. For adults, therapy focuses on rehabilitation after stroke, brain injury, spinal cord injury, and degenerative conditions, helping them regain independence in daily activities.

### Physical Therapy (PT)

We provide specialized physical therapy for children with cerebral palsy, developmental delays, neurological conditions, and physical disabilities. Therapy focuses on improving strength, balance, posture, and coordination to enhance independence and promote healthy physical development.

### Speech & Language Therapy (SLP)

We provide speech therapy for children with speech and language delays, articulation disorders, cleft palate, hearing impairment, neurological conditions, and developmental disabilities. For adults, our services address communication and swallowing difficulties related to stroke, brain injury, voice disorders, and other neurogenic conditions.

### Applied Behavior Analysis (ABA)

We deliver behavior therapy for children with autism, ADHD, learning difficulties, behavioral challenges, and developmental or neurological conditions. For adults, behavior therapy provides support in managing behavioral, social, and emotional difficulties linked to neurological and psychological conditions, improving overall functioning.

## About Us

We believe that every child has unique strengths, and with the right guidance, they can achieve independence, confidence, and joy in life.

## Why Choose Us

We focus on individualized therapy plans, guided by experienced professionals, in a safe and supportive environment. Together, we empower children to achieve their fullest potential.

## Salient Features

- Equipped with cutting-edge technology and appliances.
- Child-centered and family-friendly environment.
- Experienced, certified and dedicated staff.
- Individualized therapy plans.
